

IMPORTANT!

Make a backup copy of your entire CerTest folder before performing this update.

DO NOT RUN THIS UPDATE IF YOU REQUIRE TEST RECORDS FOR ANY OF THE TESTS IDENTIFIED FOR DELETION WITHOUT FIRST PRINTING THE NECESSARY DOCUMENTS. ONCE THE UPDATE IS COMPLETE, TESTS RECORDS MAY NOT BE RETRIEVABLE.

This update incorporates all previous updates and restructures CerTest 5.3 test bank to meet the 2011 updates to the FES Certification System. It also ensures your version of CerTest is the latest CerTest Version. After performing this update, there will be 56 updated DOD-wide FES related tests incorporating all the test question challenges since 2009. None of the test contained in the "Site Specific" training area are affected by this update.

Once this update is completed, the 2007, 2008, and 2009 updates should never be reinstalled.
ABSOLUTELY NEVER EVER!

Reminder: You must complete this update on each computer that has the CerTest program loaded on it unless you are running CerTest on a Network.

CerTest Downloading and Copying Instructions

1. Go to one of the following web sites to download the required files:
 - http://www.dodffcert.com/CerTest_5_4_Upgrade_and_Oct_11_Test_Update.zip
 - http://www.certest.com/download/CerTest_5_4_Upgrade_and_Oct_11_Test_Update.zip
2. Save the zip file to your computer or choose "Open" and extract the files to your computer.
3. If you save the zip file to your computer, unzip the folder and extract the file names below to your computer:
 - **CerTest_Update_5_4.exe**
 - **CerTest_Oct_11_Test_Update.tst**
 - **CerTest_Oct_11_Test_Update.txt**
4. FOR STANDALONE CONFIGURATIONS
 - a. Run the **CerTest_Update_5_4.exe** file (may require system administrator rights)
 - b. On the *Select CerTest Directory* screen, check that the folder shown is the location where your current version of CerTest (version 5.0 through 5.3) is located. If it is not, click the **Browse** button and select the correct location. Click "**OK**"
 - c. When the correct path to the CerTest folder is shown on the Select CerTest Directory screen, click "**Next**". The update program will update your version of CerTest to version 5.4.
 - d. Click "Finish" and proceed to step 6.
5. FOR NETWORK CONFIGURATIONS
 - a. Run the **CerTest_Update_5_4.exe** file (may require system administrator rights)
 - b. On the Welcome screen, click **Next**. The update program will search the hard drive for your CerTest folder. Note that the update program will not search your network drives.
 - c. It will not find a folder and prompt the user to select a folder to install the files.
 - d. Select a temporary folder on the local hard drive and click "OK". *This is a different folder than the one used to unzip the files downloaded in step one.*

- e. Click “NEXT”. This creates a *CerTest_Version_5_4_Update_Files* folder in the temporary folder selected in the previous step containing five files.
 - f. Use Windows Explorer to manually copy all five files from the *CerTest_Version_5_4_Update_Files* folder into the *CerTest* folder on your server (replacing current files on the server).
6. Start the CerTest Program.
Make sure that the CerTest title screen displays “Version 5.4” in the lower-right corner.
 7. Log in as a Manager.
 8. Click on the “File” option located in the upper left corner of the screen and select “Open Test List” option (the 3rd Option).
 9. Click on the “File” option located in the upper left corner of the screen again and select the “Copy From Diskette” option (The 7th Option).
 - a. A *Copy From* screen will appear.
 - b. Make sure the file folder where you extracted the files in step one is selected in the “Look in” box and that the “Files of Type” box at the bottom is changed to “Test.”
 - c. Click on the **CerTest_Oct_11_Test_Update.tst** file you saved earlier and click “Open.”
 - d. A *Copy Test(s) into CerTest* screen will appear. Highlight all of the tests available in the menu. Click on the “Copy” button.
 - e. Click “OK” on the warning screen that appears.
 - f. Before the tests are copied into the system, this update will delete some obsolete tests, and rename/renumber some tests. The number of tests affected varies depending on the current version previously installed. When test renaming and renumbering is complete, a pop up with overall change information will appear. Click “OK”
 - g. Another dialog box will appear labeled *Replace Test?* Click on the “Yes to All” option.
 10. After a few minutes, CerTest will respond with a message telling you the number of tests that were successfully copied. Click on the “OK” button in the *Copy Complete* information box and you’re done.

Specifically, this update:

Adds the following tests

<i>New#</i>	<i>New Title</i>	<i>Training Area Assigned</i>
9015	USAF Munitions Course Challenge Review	Specialized Training
9040	2011 Emergency Medical Responder (Test A)	Specialized Training
9045	2011 Emergency Medical Responder (Test B)	Specialized Training
9121	10211W_02 Fire Officer I	Certification Course Review Exercises
9126	10212W_02 Fire Officer II	Certification Course Review Exercises
9146	10312W_02 Fire Inspector II	Certification Course Review Exercises

Renumbers the following tests:

<i>(Old#)</i>	<i>New#</i>	<i>New Title</i>	<i>Training Area Assigned</i>
(352)	9005	Liquid Propane Aircraft Fire Training Facility	Specialized Training
(353)	9010	MSA FireHawk M7 Responder SCBA	Specialized Training

Renumbers, Renames and Reassigns Training Areas for the following tests

<i>(Old#)</i>	<i>New#</i>	<i>New Title</i>	<i>Training Area Assigned</i>
(998)	9000	Firefighting Essentials Sample Test	Demo Tests
(997)	9002	Hazardous Materials Sample Test	Demo Tests
(355)	9020	(SW II) Understanding Infection Control	Infection Control – Silent War II
(356)	9022	(SW II) WMDs and Biological Weapons	Infection Control – Silent War II
(357)	9024	(SW II) How to Stay Healthy and Survive	Infection Control – Silent War II
(358)	9026	(SW II) Pre-Arrival & On-Scene Infection Control	Infection Control – Silent War II
(359)	9028	(SW II) Post Emergency Infection Control	Infection Control – Silent War II
(360)	9030	(SW II) Exposure, Follow Up & Confidentiality	Infection Control – Silent War II
(361)	9032	(SW II) Consolidated Silent War II Final Exam	Infection Control – Silent War II
(8520)	9050	10011N_01 Firefighter I	Certification Course Review Exercises

Deletes the following tests that are now obsolete (if not deleted during previous updates)

302 Fire Behavior	355 Understanding Infection Control (SW II)
303 Fire Control 1	356 WMDs and Biological Weapons (SW II)
304 Fire Hose Basics	357 How to Stay Healthy and Survive (SW II)
305 Fire Streams	358 Pre-Arrival & On-Scene Infection Control (SW II)
308 Ladders 1	359 Post Emergency Infection Control (SW II)
309 Ladders 2	360 Exposure, Follow Up & Confidentiality (SW II)
319 Advanced Ventilation	361 Consolidated Silent War II Final Exam
320 Fire Control 2	8500 Hazardous Materials Demo Test
321 Fire Hose Appliances	8501 (CDC 47201) Awareness (Test A)
322 Foam Fire Streams	8502 (CDC 47201) Awareness (Test B)
323 Overhaul Procedures	8503 (CDC 47202) Operations - Part 1 (Test A)
324 Power Tool Operation and Safety	8504 (CDC 47202) Operations - Part 2 (Test A)
325 Rescue	8505 (CDC 47202) Operations - Part 1 (Test B)
326 Alarm and Communications	8506 (CDC 47202) Operations - Part 2 (Test B)
327 Building Construction	8507 (CDC 47203) Technician - Part 1 (Test A)
328 Fire Cause Determination	8508 (CDC 47203) Technician - Part 2 (Test A)
329 Fire Company Inspections	8509 (CDC 47203) Technician - Part 1 (Test B)
330 Fire Prevention and Public Fire Education	8510 (CDC 47203) Technician - Part 2 (Test B)
331 Sprinkler Systems	8511 (CDC 47205) Incident Commander (Test A)
332 Water Supply Systems	8512 (CDC 47205) Incident Commander (Test B)
333 Aerial Apparatus Maintenance	8513 (CDC 47209) HazMat Branch Officer
334 Aerial Apparatus - Driving Techniques	8590 Sample Test
335 Operating Telescoping & Articulating Equipment	8601 First Aid First Responder and CPR (Test A)
336 Positioning Aerial Apparatus	8602 First Aid First Responder and CPR (Test B)
337 Stabilizing Aerial Apparatus	8603 Emergency Medical Responder (Test A)
338 Apparatus Maintenance and Inspection	8604 Emergency Medical Responder (Test B)
339 Operating Fire Pumps	8701 Emergency Medical Services (Module 1)
340 Operating Emergency Vehicles	8702 Anatomy and Physiology (Module 2)
341 Positioning Apparatus	8703 Emergency Medical Care Fundamentals (Module 3)
345 Why is Infection Control Necessary?	8704 Patient Assessment (Module 4)
346 Understanding Infection Control	8705 Comprehensive Final Exam (Modules 1 thru 4)
347 How to Stay Healthy and Survive	8706 Emergency Medical Care (Module 5)
348 Prearrival and On-Scene Infection Control	8707 Trauma Care (Module 6)
349 Post-Emergency Infection Control	8708 Special Populations (Module 7)
350 Exposure Follow-Up and Confidentiality	8709 EMS Communications & Operations (Modules 8 & 9)
351 Spirolite Self Contained Breathing Apparatus	8710 Comprehensive Final Exam (Modules 5 thru 9)
353 MSA FireHawk M7 Responder SCBA	

Deletes the following 6 DOD Wide FES Training Areas

Driver/Operator
EMT - Basic
Firefighter Series
Infection Control - Silent War 1
NFPA 472 (2008 Ed) HazMat Tests
Web-Based Certification Courses
