CerTest Downloading and Copying Instructions

1. Go to one of the following web sites to download the required files:

http://www.dodffcert.com/CerTest_Nov_09_Test_Update.zip

http://www.certest.com/download/CerTest_Nov_09_Test_Update.zip

<https://www.my.af.mil/afknprod/ASPs/docman/DOCMain.asp?Tab=0&FolderID=OO-EN-CE-10-7-3&Filter=OO-EN-CE-10>

2. Save the zip file to your computer or choose "**Open**" and extract the files to your computer.

3. If you save the zip file to your computer, unzip the folder and extract the file names below to your computer. **CerTest_Nov_09_Test_Update.tst** and **CerTest_Nov_09_Test_Update.txt**

4. The next step is to Start the CerTest Program and Log in as a Manager.

5. Click on the "**File**" option located in the upper left corner of the screen.

6. From the File menu, select the "**Copy From Diskette**" option (The 7th Option).

a. A "**Copy From**" screen will appear.

b. Make sure the file folder where you extracted the files to is selected in the "Look in" box and that the "**Files of Type**" box at the bottom is changed to "**Test.**"

c. Click on the **CerTest_Nov_09_Test_Update.tst** file you saved earlier.

d. Now click on the open button to start the update process. When the updates are complete a "**Copy Test(s) Into CerTest**" screen will appear.

e. Highlight all of the tests available in the menu.

f. Click on the copy button.

g. Another dialog box will appear labeled "**Replace Test?**" Click on the "**Yes to All**" option. The first thing that will take place after you click on the Yes to All option will be the deletion of the 15 obsolete tests.

7. After a few minutes, CerTest will respond with a message telling you the number of tests that were successfully copied. Click on the **OK** button in the **Copy Complete** information box and you're done.

Reminder: You must complete this task on each computer that has the CerTest program loaded on it unless you are running CerTest on a Network.
